

BIAS

Today, organizations are looking to cloud technologies as a solution for reducing IT spend, reducing cyber risk and to keep up with emerging technologies. A cloud solution has the ability to provide a vast number of benefits, but which cloud is the right cloud? BIAS can help.

BIAS has a broad portfolio for cloud services, ranging from: Consulting Services, Hosting Services, and Managed Services.

CLOUD CONSULTING SERVICES

- **TCO, Cost Recovery Model** - Alleviate IT Sprawl, One Provider, One Vendor
- **Roadmap Development** - Provide a detailed roadmap from current to the desired cloud state
- **Reference Architecture** - Provide the cloud topology from ground up (server, storage, network)
- **Workload Profiling** - Analysis workloads to align with proper cloud model
- **Cloud Strategy** - Assessment of the overall cloud strategy and alignment with ITIL practices
- **Cloud Security** - Analysis of current security measures in place to ensure safeguarding your cloud with the proper security solution

CLOUD HOSTING SERVICES

- **Private Cloud Hosting** - BIAS offers a variety of shared and dedicated cloud models based on your business and IT objectives.
- **Oracle Experts** - BIAS provides a unique environment for you to host your applications and databases on our Oracle infrastructure. An Oracle on Oracle architecture has proven to drive efficiencies no other infrastructure vendor can provide. BIAS also supports third party products and open source platforms.
- **Data Center Hosting** - BIAS partners with Tier IV data centers to provide our customers with the highest level of service and continuity of operations (COOP).
- **Migration / Planning / Execution** - Let BIAS migration services provide you with turn-key migration services from analyzing, planning, and executing migrations.

WHY BIAS?

BIAS Managed services provides the assurance that your mission critical systems, applications, and databases are constantly monitored and managed to achieve targeted performance, stability, reliability, and availability 24 hours a day, 7 days a week.
