BIAS Corporation is an Oracle certified Sun Hardware and Storage reseller with a staff of experts that can assist you with the architecture of your infrastructure as well as the implementation and post production support of your systems.

OUR EXPERIENCE

We have built our reputation as a hands on organization with over 10 years of experience implementing Oracle based solutions on Sun hardware as well as Dell, HP, IBM and the host of other hardware platforms. We understand that hardware infrastructure is an integral part of your total solution and we combine our software, hardware and services experience to create the best total solution for your needs.

SERVICES

- Infrastructure Architecture and Blueprint
- Platform Migrations
- Operating System migrations to Solaris or Linux
- Infrastructure and Network Sizing
- Lease programs
- Performance benchmarking
- Hosting services
- Full lifecycle Managed services

EXADATA SOLUTIONS

BIAS Corporation is a recognized leader in architecture design, tuning, implementation, and management. As an Oracle Platinum Partner, BIAS provides experienced Architects to assist with everything from identifying performance bottlenecks, to defining a long range system architecture plan to managing the purchase and implementation of the Oracle Exadata Machine.

WHY BIAS?

BIAS is the first Oracle Partner to achieve specialized status in both Oracle Exadata and GoldenGate technologies, as well as the first Oracle partner in the Southeast to design a customer's OLTP and ODS implementation with multiple Oracle Exadata Machines, employing Oracle's Resource Management and Oracle Hybrid Columnar Compression.

Our strategic partner status allows us many advantages including advanced product education, direct line contact to the Oracle Exadata development and product managers, as well as Tier 1 support for all of our customer implementations. No other consulting organization has this type of exposure or commitment.
