

ORACLE ENGINEERED SYSTEMS, HARDWARE & STORAGE

## ORACLE SYSTEM & STORAGE EXPERTS

Recognized Leader in Oracle Systems & Storage to Public & Private Sector Customers

BIAS Corporation is an Oracle certified Sun Hardware and Storage reseller with a staff of experts that can assist you with the architecture of your infrastructure as well as the implementation and post production support of your systems.

BIAS has built their reputation as a hands-on organization with over 10 years of experience implementing Oracle based solutions on Sun hardware as well as Dell, HP, IBM and the host of other hardware platforms. We understand that hardware infrastructure is an integral part of your total solution and we combine our software, hardware and services experience to create the best total solution for your needs.

BIAS is the first Oracle Partner to achieve specialized status in both Oracle Exadata and GoldenGate technologies, as well as the first Oracle partner in the Southeast to design a customer's OLTP and ODS implementation with multiple Oracle Exadata Machines, employing Oracle's Resource Management and Oracle Hybrid Columnar Compression.

### BIAS HARDWARE & STORAGE SERVICES

Infrastructure Architecture and Assessments, covering Servers, LAN, Storage, Performance and Security

Oracle Virtual Desktop, Architecture and Implementation services

Server architecture / installation / implementation

Storage architecture / installation / implementation

Solaris upgrades / Linux upgrades
